

**MORRISVILLE TO CHANGE ZONING LAW FOR GARAGE****Pass Amendment To Law After Holding Third Hearing On It****ONLY A FEW APPEAR****It Had Been Expected That A Large Number Would Oppose Change**

MORRISVILLE, June 26—A hearing, the third, upon amending the zoning ordinance, was held last evening by Borough Council. The meeting was attended by approximately 25 persons and the amendment was adopted. It had been expected that the meeting last evening would be attended by a large number of taxpayers but such was not the case.

The amendment will permit a public garage in a "C" residential district. Those favoring and opposing the operation of a garage on Robertson avenue by the Piscopo Brothers were heard.

Council previously had recommended to the Board of Adjustment that the Piscopo Brothers be granted a permit to operate a hobby garage. The Board of Adjustment said that the garage was intended as a business and declined the recommendation, while the Planning Commission said that spot planning was unwise.

At its June 12th session, Council passed a motion that an amendment be made to the ordinance that would permit operation of the garage by the Piscopo Brothers.

**Memorial Service Is Planned for Co-Pilot**

Memorial service is to be held at Clifton, N. J., tomorrow for Ray T. Detwiler, co-pilot of a Constellation Clipper of Pan American World Airways, and one of 40 who lost their lives when the plane crashed en route from Accra to the gold coast and Roberts field, Monrovia, Liberia, Africa, last week.

Detwiler was the husband of Ruth Flannagan Detwiler, who had lived in Bristol for a number of years, and who was at one time employed in the office of Paterson Parchment Paper Co., Edgely. Mrs. Detwiler is a sister of Mrs. John Wright, Landreth Manor.

Among the co-pilot's survivors are his wife, daughter "Kathy" and son Curtis, aged two months; and his parents, the latter living in Montgomery county. The Detwilers make their home at Clifton.

The deceased, who had served as a captain in the U. S. Army Air Force, operated on flights out of New York, N. Y. The plane, "Great Republic," was announced as missing on Friday. It had taken off from Johannesburg, South Africa, for Idlewild Airport, New York, and vanished on a 655-mile leg of the flight between Accra and Monrovia. It was headed for New York via Dakar, Lisbon, Santa Maria and Boston.

**GAME AND MEETING**

The monthly meeting of Cub Pack No. 39, Edgely, sponsored by Edgely Fire Co., will be held on the field next to Edgely school, Wednesday. A baseball game will start at 6:30 p. m., with the meeting following. All parents are invited to attend.

### BUGABOO OF RADIATION

All the public is permitted to know about the most recent big bang at Eniwetok in the Pacific is that it wasn't a hydrogen bomb, but that it contributed to development of the H-bomb and other types of nuclear weapons.

But a cheerful bit of information from Eniwetok reveals what an atomic bomb does not do. Air Force Lieut. Gen. Elwood R. Quesada, who ran this last show out there, says that tests prove the after-effects of radiation have been greatly exaggerated. He reports no ill effects could be found in men who entered the blast areas 15 or 20 minutes after the explosion occurred.

To General Quesada the studies "indicated that the mysterious ghost of lingering radiation should be dispelled forever." His medical officer serving as safety adviser, Brig. Gen. James Cooney, was more specific. First he gave his opinion that an enemy attacking this country would prefer to use bombs bursting high above the ground as most effective. That kind of burst, he said flatly, would not leave any radiation at all to worry about.

If and when statements like that are fully certified as fact, one of the great bugaboos in civil defense against nuclear weapons will be scotched. Ever since Hiroshima Americans have had visions of great areas of city buildings fevered with radiation for months after an attack. Obviously the planning of rescue and repair work is concerned with how quickly the squads can safely go into an area.

### IT'S THE UPKEEP

It is encouraging to learn that considerable interest is being shown in Congress in the latest report of the National Industrial Conference Board. This is the report which says that now is the time to be cutting the federal budget for 1956.

The board's statement may seem to be slightly obscure. But its meaning becomes clear when it is remembered how some of the government departments have operated in the past and no doubt will try to operate in the future. It is their habit to put over a grandiose and costly scheme by degrees.

They know that they cannot possibly get all the money at once for their enterprise. They ask, therefore, for only a few millions to start it. In succeeding years they go to Congress with a plea that, having gone so far, it would be only sound business for the government to carry the project to completion.

That has happened innumerable times and Congress, unfortunately, has almost always been in an acquiescent mood. What the Conference Board is now doing, by its reference to the 1956 budget, is putting Congress on notice to keep its eyes peeled and to look beyond initial appropriations. Judging from past experience, it is a warning based on common sense and ought to be heeded.

man hold-up gang which robbed the commission race book at the Flamingo Hotel in Las Vegas, Nev. May 28, 1951.

The masked gang staged their hold-up with one of them disguised behind a black eye mask and a cap with a long bill and another concealing his face behind a red or pink rubber masked slipped over his head.

Brancato, however, was identified as one of the gang by witnesses and by finger prints found on a paper sack found at the scene.

The FBI took up the chase when it was learned that the long-time lawbreaker had fled across the Nevada state line to avoid prosecution.

Brancato has a criminal record dating back to June, 1934, and is known as a "hot-tempered, unpredictable, lazy but tough hoodlum who has been connected with illegal gambling enterprises for years."

He previously has been convicted for bootlegging and for a narcotics violation.

The fugitive was questioned on several occasions by Los Angeles police authorities following the gangland slayings of West Coast gambler Benjamin "Bugzie" Siegel in 1947 and Edward "Eddie" Herbert in 1949 but was released.

He came to California from Kansas City, Mo., about 1928, but later returned to his native city.

The FBI offers the following guide to Brancato's identification:

Aliases: Tony Brancato, Tony Brancato, and Tony Brancato.

Habits: He is reported to associate with gamblers and bookmakers and possibly engages in strong-arm robberies. Single. Brancato has in the past been employed as a mechanic and machinist. He is reported to have attended one year of high school.

Description: Brancato has a prominent nose and usually wears horn-rimmed glasses. He is 36, five feet, eight inches tall, weighs 170 pounds and his hair is black, receding and thin on top. His eyes are brown and his complexion dark. He is of medium build.

He also can be identified by a number of scars on his body. There are a two-inch scar on his right knee, a small scar on his right wrist, another on the right hand at the base of his fingers, a burn scar on his lower right arm, a cut scar on the little finger of his right hand, another on the left side of his upper lip and a two-inch scar above his nose between the eyes.

Warnings: The FBI stresses on Brancato emphasizes that he is dangerous and probably armed and advises that "extreme caution should be exercised in effecting his apprehension."

(Next: Harry H. Burton, scar-faced Los Angeles murderer.)

## Pennel Man Takes A Newtown Miss As Bride

Continued from Page One

NEWTOWN, June 26 — St. Andrew's R. C. Church formed the setting for a wedding on Saturday at three, when Miss Margaret G. Bryant, daughter of Mr. and Mrs. James E. Cruise, became the bride of Mr. Thomas Joseph Pennel son of Mrs. Samuel Barnett Pennel.

The Rev. Daniel J. Daly, performed the double ring ceremony, with Mr. Charles Baird, Pennel, accompanying Miss Mary DiNunzio, Pennel, in her vocal selections "Mother Beloved," "Ave Maria," and "On This Day Oh Beautiful Mother."

The bride was given in marriage by her father. She was gown in white nylon marquisette over tulle, entailed, with trim of lace. Her fingertip veil of French illusion fell from a crown of lace trimmed with seed pearls. She carried a cascade of white roses and baby breath.

Miss Ann Cruise, sister of the bride, was maid of honor and gown in a blue gown with lace bodice and tulle skirt. She wore a picture hat of lace and tulle in green, and carried a cascade of mixed flowers. Mrs. William Ridge, Langhorne bridesmaid, was gown in blue gown with lace and tulle, and carried mixed flowers. Miss Joan Emmons, Pennel, niece of the bride, was flower girl. She wore an organdy gown with lilac-of-the-valley print over tulle, long full skirt and sash, small hat tied with bow in the back, and carried a small cascade of mixed flowers.

Mr. Harry Bennett, Pennel, was best man, and ushers were Mr. John Barnett, Langhorne Terrace, brother of the bridegroom; and Mr. Don Barnett, Pennel, nephew of the bridegroom.

Mrs. Cruise, the bride's mother chose a white silk shantung ensemble, white accessories, and corsage of red roses. The mother of the bride groom was attired in an old rose crepe ensemble, white accessories, and a corsage of white roses.

A reception was held at the New Century Club, here. After a honeymoon spent at Virginia Beach, Va., the young couple will be at home after July 10th at 147 Woodland avenue, Pennel. The bride is a graduate of Council Rock high school, here, and the bridegroom is an alumnus of Langhorne high school.

**Given Surprise Shower By Friends and Neighbors**  
Mrs. Daniel Hardin, Fleetwing Estates, was prepared, on Wednesday night, to attend a commercial demonstration at the home of her next-door neighbor, Mrs. Charles McIlroy, when Mrs. William Timson dropped in to talk for a few minutes. After a delay, the women proceeded next door, and Mrs. Hardin was met by cries of "surprise!" from guests gathered to give her a shower. The delay had enabled everyone to bring in their gifts unnoticed by the guest of honor. On Mrs. Hardin's arrival, a pink and blue-trimmed bassinet was wheeled in, loaded with gifts.

After the gifts were opened and admired, games were played and prizes awarded. Then Mrs. McIlroy, Mrs. Timson and Mrs. William Patterson served ice cream, sandwiches, home-made cookies, pretzels and potato chips, coffee and tea to the guests, including: Mrs. William Smith, Mrs. James Ritter, Mrs. Lane Schofield, Mrs. Carl Lindbergh, Mrs. William Tyrell, Mrs. Paul Nicholas, Mrs. George Kommer, Mrs. John McIlroy, Mrs. Robert Green, Mrs. Donovan Fagans.

## Nation of Tax-Paupers

Continued from Page One

the fiscal year will be something better than sixty billion dollars.

THAT FIGURE REPRESENTS SUBSTANTIALLY THE AVERAGE ANNUAL INCOME FOR THE FIRST SEVEN YEARS OF PRESIDENT ROOSEVELT—DOWN TO THE BEGINNING OF THE REARMAMENT PERIOD IN 1940.

Think that over. Our national tax bill is now being made as big as the entire earnings of all the people and all the business houses of the country, eleven to eighteen years ago!

And those Roosevelt years were years of high Federal spending and of the 59-cent dollar—they did not represent the depths of the depression.

If you want to know how much less than the proposed Federal tax rate the national income can drop, take the last two Hoover years and the first two Roosevelt years, 1932 to 1935, inclusive. Those four years showed an average national income of \$49 billions, with a low of \$44 billions in 1933.

Or put the matter an entirely different way—in the first six years of his Presidency, Mr. Roosevelt collected a total in national taxes of approximately \$27,000,000,000. The proposed new Truman taxes, FOR A SINGLE YEAR, are to be twice what his predecessor collected for his first six years!

Going back a step makes the comparison even more astounding. Preceding Mr. Roosevelt came twelve years of Republican presidents—Harding, Coolidge and Hoover. Total Federal taxes collected in those twelve years amounted to about \$37 billions—only a little more than half of what Mr. Truman stands to collect in this single present year! And incidentally, during those twelve years, the national debt was carved almost to the vanishing point, while under Mr. Truman, despite his gigantic tax programs, the debt is surging steadily higher.

Or put the matter in percentages. Prior to the First World War, Federal taxes ran about 2 per cent of national income. Costs of the war drove them up to a high of 8.7 per cent in 1921. Then they tapered off, and for the Republican years starting under Harding, ranged between 4 and 5 per cent.

President Roosevelt rapidly increased the percentage of national income which Federal taxes were grabbing—but nevertheless the peak of his pre-war tax program ate up only 9.7 per cent of national earnings.

Under President Truman, taxes have been running about twenty per cent of national income, up to this year. That is, on a five-day week basis, the average American has been working one day each week for the Truman Administration.

But these new taxes will consume something like forty per cent of national income—assuming that the income stays somewhere around its present level, and that we do not plunge into a renewed depression, in which case it could easily develop, as the figures quoted above indicate, that our tax bill might even exceed our total national income!

Every cent of the proposed new taxes, if they are enacted, will show up in prices. They will then have to be met in wages. They will presently show themselves to be the most inflationary step yet taken by our government.

And these new taxes, once their real effect is felt, may easily prove to be the last straw that breaks the back of our so-called "free" economic system, which, overburdened by taxes and by bureaucrats taking a free ride at the public's expense, already is tottering in the direction of collapse.

### Landscape Architect Speaks To Horticulturists

TREVOSE, June 26 — Gathering at the residence of Mr. and Mrs. J. V. Hare, here, Tuesday evening, members of Trevoze Horticulture Society heard Mrs. Elizabeth J. Marshall, a landscape architect from Westminster, Md.

Mrs. Marshall informed that a flower garden requires order, rhythm, balance, harmony, variety and mystery. She said that eco-

nomie factors in regards to time and money must be taken into consideration in designing the flower gardens.

In addition to describing the formal gardens, Mrs. Marshall showed pictures of the Medici Gardens, which were established in Rome about 1500, the Versailles Gardens in France and old gardens of formal design in Williamsburg, Va. She also showed pictures of several gardens in Montgomery county.

Prior to the talk, the group was served a box supper, and later viewed the perennial and rose gardens on the Hare property.

Mrs. Conklin will serve as chair-

man at the Fall flower show.

First place winners in the informal flower exhibit were as follows: Arrangements, early summer, Mrs. S. B. Johnson, Bristol; miniature, Mrs. J. Leon Baker, Langhorne; arrangement for wedding supper table, Mrs. Ethel Dungan, Bustleton, and arrangement with lilies, Mrs. Elsa Forte, Merchantville.

*Her first party dress*

Compare the cost of your telephone service with the cost of other things, and you'll agree that your telephone service is a bargain.

This young girl's first party dress, for example, will cost more than twice as much as her mother's first party dress. But don't blame the people who make or sell dresses. Blame the dollar! It buys less than half as much today as it bought in her mother's day.

The dollar buys less for us, too.

The cost of supplies and equipment used in the telephone business is going up and up, just like the cost of supplies and equipment for other businesses.

In spite of this, we have been able to provide good, low-cost telephone service that continues to grow in value.

Even if it should cost more, your telephone service, in comparison with other things, would still be a big, big bargain.

# 3M INCREASES LEAD AS WALLACE BLANKS KAISER

The 3M's aggregation increased its lead in the Bristol Softball League last evening as George Wallace blanked the Kaiser Metal Products team with three hits on Conti's field.

Wallace's fast ball had the automobile workers biting all evening as he struck out six and walked five. Kaiser Metal had two opportunities to score. In the second, Tony Biancosino was put out at the plate on a run-down and in the sixth, Simmons was on third as the result of a triple when Joe Roe hit down the line. Pierandozzi played the ball, touched Simmons and then threw to first to double-up Roe. Paul Paolillo was the losing hurler. He permitted six hits. Three of these, one a triple, were made by Ray Pierandozzi. Two went to Vic Cauti while the other was a double by Gene Fanni.

Jack McCue had two of the Kaiser Metal hits.

Minnesota Mining scored three of its runs in the third. With two out, Addeo got on via an error, Cauti, was passed, and Pierandozzi hit a three-bagger. He scored on a passed ball. The fourth run was the result of an error by Walker, and double by Fanni.

## DART LEAGUE TEAMS ARE GIVEN TROPHIES

The Dart League of the Bristol Clubmen's Association held its annual banquet Sunday afternoon and evening in Mutual Aid Hall. A chicken dinner was served, entertainment was furnished and an orchestra played for dancing. Immediately after the dinner was served, I. J. Hetherington, Burgess of Bristol, was called upon to make the presentation of trophies to the winners of the Dart League.

Burgess Hetherington complimented the Clubmen's Association for all the fine civic work it has done and are doing, and promised those assembled that Bristol will have finer playgrounds for the youth of Bristol when he goes out of office than it had when he took office.

The Loyal Order of Moose was presented the first place trophy through Captain Jack Talley; second place trophy went to Leonard Egrande, representing the Mutual Aid Society; the third place plaque was presented to C. A. Schweizer for the Chester W. Terchon Post, Veterans of Foreign Wars; and the fourth place plaque was presented to Harry Davis, of the Clinton Lewis Lodge. All captains promised to have a better dart team next season.

# SECOND WARD LEAPS FROM SIXTH TO FOURTH PLACE

Second Ward leaped from sixth place in the Bristol Softball League last evening by defeating Pacific Steel, 4-1, on Memorial field. The Warders are now but one game away from the third place Kaiser Metal team.

The tilt was a pitcher's battle between "Chick" Stansky and Joe Garafota, of Tacoma. Stansky allowed five hits while Garafota gave up four. Stansky struck out two batters, including the side in the final inning.

Pacific rallied in the last frame and had two runners on base when Stansky fanned J. Scornelichi for the third out. Pacific's lone run was the result of a single by DeLise, and a double by Fred Constantino in the first inning.

Second Ward deadlocked the score in their half of the inning on a walk to Lou Pezzullo, a passed ball, a sacrifice, and wild pitch. The second run was the result of a single by Gene Mount, a stolen base, and a wild throw by Calone. A single by Frank Rich, a stolen base, and an error, accounted for the third run while the fourth was manufactured by an error, a sacrifice, and hit by Perrone.
